Type of Registration after 2 years old: *Katian puppies are sold under a Limited Registration. Once a puppy has reached the age of 2 and has obtained all health clearances, including hip, elbow and eye, we will turn over full registration through AKC. Limited Registration means that the puppy is registered but no litters produced by this puppy are eligible for registration (so long as he/she is "limited"). You may still enter your dog in competitions.*

Choose One:  Intend to Remain Limited  Intend to seek Full  Not sure yet

Why I sell pups with limited registrations: *Providing limited registration for the first 2 years helps responsible breeders prevent unwanted and/or undesirable litters. Dogs should not be bred unless health and genetic testing reveal the dog to be among the best in the breed to produce quality puppies (some clearances cannot be obtained until the dog is 24 months old and fully grown).*
